USAGE DE CERTAINES LETTRES.

ā surmonté de ce signe — est long ; s'il n'en est point accompagné, il doit être considéré et prononcé comme bref. Ceci s'entend aussi des autres voyelles.

g se prononce dur, viz : *ni nondāge*, j'entends, et non pas *ni nondāje*.

c a toujours la force de *ch*, viz : *carwenimicin* ; prononcez *chāwenimichin*, ayez pitié de moi.

h ne s'employe que pour marquer une interruption soudaine dans la prononciation, viz : *ni sakiha*, je l'aime ; il faut entendre pour concevoir en quoi elle consiste.

u se prononce comme *ou*, viz : *nind appenimoun* ; prononcez, *nind appenimoun* ; il est toujours bref.

w est le même que dans la langue anglaise, viz : *ni minikkwe*, je bois.

^ L'accent grave marque que la consonne qui suit est éteinte, ou muette, viz : *abinōdjîn*, qu'il ne faut pas prononcer, *abinōjinne*, ni *abinōjain*.

y à la fin d'un mot se prononce comme *ille* mouillées, viz : *tcipay*, cadavre, prononcez *tcipaille*, bref comme dans *varille*.

ms. 100

NI NIDJĀNISSITUK,
